Time flies, and drags us with it. The moment in which I speak is already gone.

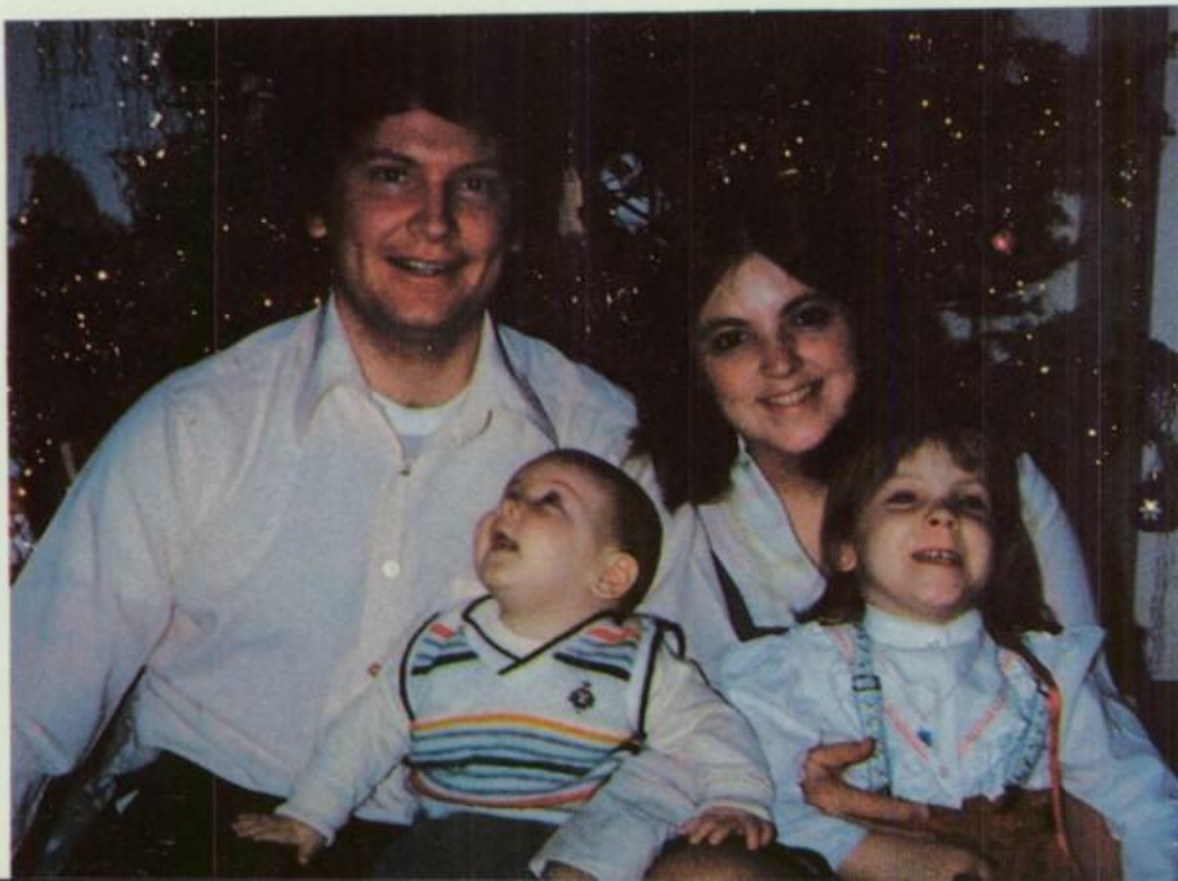

The years teach much which the days never know.

*The Hill 1985
is dedicated to
Mr. Donald J. Mott*

The Class of 1985 would like to express their appreciation to Mr. Donald J. Mott for his efforts in making the past four years successful ones for all of us. His understanding, strength of character and leadership are recognized by the whole student body, and his friendship and caring have been a guiding force for the entire class.

Thank you, Mr. Mott for all of your help and kindness.

What nobler employment, or more valuable to the state, than that of the man who instructs the rising generation?

only one applies it well.*

A letter from our Editor-in-chief

As the 1984-85 school year draws to a close, we all begin to think back on our last year at Wilbraham and Monson Academy. This year has been filled with new experiences for the entire Academy family. It saw many new faculty members, new students and new rules. We will always cherish the better times and soon forget the worst. We hope the 1985 Hill will be a reminder to you of all of your times at the Academy, be they sad or joyful ones.

Gold Key

The gold key club consists of both upper and middle school students who are willing to give up their free periods and free time to give prospective students, parents and educational consultants a tour of our campus. Each member is required to attend a training tour in the fall which acquaints them with the history of the academy.

The Atlas

The Atlas won Second Place in the Colombia Scholastic Press Association competition for its 1983-84 edition. The editors participated in the Scholastic Press Forum at American International College and in the CSPA workshop at Colombia University. The newspaper grew from 4 pages to 8 pages, published monthly from October to June. The editorial staff has met every Monday night at 6:15 in the Dining Hall.

The Rubicon

The Rubicon is Wilbraham and Monson Academy's literary magazine. It is published once a year and contains poems, stories and artwork by more than thirty academy students. In 1984, the Rubicon won five awards for excellence at the Scholastic Press Forum held at American International College.

Band

The goal for Band is to make the best musical sound possible. The task is difficult due to extreme shortages in instrumentation. It should be noted that students who sign up for band are faced with the same awesome academic schedule imposed by the academy as all other students, yet, they are to be admired for accepting the challenge with some sacrifice on their part included. I have found that despite these problems of shortages, come performance time, the band has always risen to the occasion.

The Middle School Chorus

The Middle School Chorus has been changed from an extra-curricular activity to a regular course. It meets four times a week and the fourteen boys, in addition to learning choral music, also study choral technique, choral repertoire and related areas of vocal music. This is a graded course.

We have also formed an Academy Girl's Chorus which is extra-curricular and includes girls from both the middle school and the upper school. This group meets at an agreed upon time after classes have finished. By spring we plan to perform publicly.

Harvard Model U.N.

Ten students prepared for and participated in the Harvard Model United Nations. The group traveled to Boston and Harvard in December, to represent the sultinate of Oman as the convention. Seniors Bill Pinter, Vinu Verghese, and Tony Pangan led the preparation, with new advisor Mr. Cook. Later that year, the Harvard Model U.N. sponsored a very successful collection for the relief of Ethiopia.

Middle School Student Senate

This is the Middle School's first year attempting a senate form of student government. The senate consists of six representatives. A total of two 7th graders and four 8th graders were elected.

The 1984-1985 middle school student senate have performed a variety of functions this year all based on one theme: Bringing the middle school community closer together.

During the spring term, the 7th grade will travel to Cape Cod and the 8th graders will head towards Washington D.C. The middle school student senate appreciated all the help it's received from the administration, teachers, students and parents of Wilbraham Monson Academy.

Radio-Drama

Presenting plays on the radio is an idea of the past that is catching fire at W&M in the present. Jon Stowell presented a perfectly toned radio voice and managed to be the narrator. The sound effect crew, headed by Steve Stanner and Rob Hepner, gave themselves tirelessly by walking to the local fire station in order to tape an alarm sound, even though on the air the alarm failed to go off. Last spring we aired a mystery thriller entitled *No Chance For Error*. This fall we aired two comedies - "My Client Curley," featuring Geoff Keochakian on the harmonica, and a farce about a seance was the second. Stuart Ross was a natural with the English accent, but his French was even better. The group also had to play female roles, since we had an all male cast. Produced also this fall was a radio-movie - *In The Zone*.

Wilbrawits

The Wilbrawits is the Academy team that competes on the popular local television program, AS Schools Match Wits, which is patterned after the college bowl. The team "practices" regularly throughout the year and the participants have a great deal of fun and intellectual stimulation in preparing for the television program.

M. LaBelle

The Junior Varsity grid-iron team of 1984, though few in number, played a scrappy game and emerged from the season with a record of 2-4. Members and fans will recall a lopsided victory over Berkshire and the thrilling finale to the game at Worcester in which Wilbraham won by a nose. Not blessed with awesome speed or size, and plagued by injuries, the Coachmen gridders played inspired football against Cushing, and at times against Northfield, to make these games close. The Academy proved undermanned against Deerfield and Choate.

The coaches emphasized the fundamentals and the ideals of good sportsmanship and team play. To the embarrassment of one blocking sled dummy), the players emphasized tough hitting.

Sixteen seniors paced the Varsity Soccer team to it's best finish in five years. Losing only once in eleven league games, the team ranked fifth out of thirty-three in the WNEPSSA teams, and qualified for the Stewart Cup Tournament. Although the Coachmen outshot the Brooks School, they fell in the opening round 1-0.

The team was characterized by a closeknit, camaraderie seldom seen at the high school level. These qualities carried the team through a season filled with injury, as twenty of the teams members started games that fall. Underclassmen, new students, and veteran players worked long and hard under coaches Cook and Nicolson.

The team was led by Rob McElaney and Torin Dudley, the Co-captains. These two were named to the WNEPSSA Select Team, as was leading scorer Paul Calcasola. Jeff Cook and Bill Pinter started for their third season, and the defense was anchored by Bob O'Melia and twelfth player award winner David LaBelle. Highlights of the season included a 5-2 win over #3 Kingswood, a 2-1 win over defending champion Suffield, and a last game 1-0 win over Avon that earned them the Tournament bid.

The Junior Varsity Soccer team had a successful season, finishing with a record of 9-2-4. Eighteen players scored or assisted and the team came from behind to win four times and to tie three times. Games to remember included coming back from an 0-2 halftime score to defeat Northfield Mt. Hermon 4-2 and a close loss 1-2 against an outstanding Loomis Chaffee team that was previously unbeaten and unscored upon. Special credit goes to the Co-Captains Yong Doo-Kwon who led in scoring and Mike Pangan who supervised the defense. Matt Heenan showed the most potential playing against opponents who were often three years older than he. Dylan Monahan was the most improved player and Graeme Bazarian was the most outstanding player at his position.

We had a good season in terms of winning and competition this year. The matches were close and exciting. The highlight of the season was the come from behind victory against Deerfield and the outstanding play of our fullbacks. Many of our players will be returning next season and we are anxiously looking forward to a terrific season next fall.

THIRD TEAM SOCCER

The focus of Fourth Team Soccer is to introduce students to the basic rules, techniques, and rudiments of the game. Most of the players on the fourth team have never played soccer before, or, if they have, only very little. One of the most rewarding and satisfying experiences is observing the progress which players must demonstrate over the course of the year. Although we played only three games and lost all of them we improved with each game and became quite competitive by the third game which was lost only 3-0. This year one of our major accomplishments was a scrimmage partner with both the third team soccer and the girls soccer teams. We provided them with numerous intense and exciting matches.

FOURTH TEAM SOCCER

Though this season was not the most outstanding for the Wilbraham sports teams, the Girls' Varsity Soccer team succeeded in accomplishing other less concrete feats. The small team often had to divide itself into Varsity and Junior Varsity teams which, rather than causing strife, strengthened all the players spirits. The teams were so close it was difficult to differentiate the players. The season was marked by the growing spirit of the team and the growing girth of Coach Peck.

Intramural Soccer was certainly interesting this year. Both the faculty and the students could be seen battling it out on the playing fields each day. Who can ever forget Mr. Gray's tremendous officiating, Mr. Purcell's outstanding playing ability, and Mr. Mott's fairness and impartiality in picking the teams.

Though it was an excellent fall, there remains one lingering question - Will the sideline crew ever find their way onto the soccer field?

The Girl's Varsity Volleyball team had it's best season ever! Led by Captain and MVP Missy Zajk, the girls displayed a great competitive spirit and an improvement in their skills. They played five games in the match with Cheshire Academy, only to lose 16-14 in the final game, but dominated the match at Kingswood-Oxford, winning 3-2.

Darlene Jordan was the outstanding spiker for the team and Laurie Froelich and Lisa Heydet had the strongest serves. All the girls, including Bonnie Bentley, Lina Ngamtrakulpanit, Liz Resnick, Patricia White and Monique DaSilva, helped to make the season of '84 an enjoyable and successful one.

You are led through your lifetime by the inner learning creature, the playful spiritual being that is your real self. Don't turn away from possible futures before you're certain you don't have anything to learn from them. You're always free to change your mind and choose a different future, or a different past. (Illusions) *'85" What a year!

GEOFF KEOCHAKIAN

He would see faces in movies, on TV, in magazines, and in books. He felt that some of these faces would be right for him.

and that through the years, by keeping an ideal facial structure fixed in his mind, he might by force of will cause his face to approach those of his ideal. the change would be very subtle. Gradually his face would change its shape. He imagined that this was an ability he shared with other people. This is why first impressions are often correct. Although some people might have made mistakes. They may have arrived at an appearance that bears no relation to them. They may have picked an ideal appearance based on some childish whim or momentary impulse. Some have gotten half-way there and then changed their minds. He wonders if he too might have made a similar mistake.

THINGS CHANGE US

The wind fills our hair with loving care. We will find in our minds what we've lost and what we've found out. Too close to the ground, we're falling down again—we will lift up for one more time the last hurrah, the end of our days. They're all over now and we must leave and start over again, not again, why again. Our time has come even tho' we're not quite finished. Never will we ever finish this endless journey to our destinies. Let the world go on, not fade away. So let the words be yours, I am done with mine.
